

New Clients

Thank you so much for your interest in my salon. As a new guest to my space I require a consultation to book. Before you book your consult you can go to my website www.koabeautypdx.com and see all the basic info on my color and extension services. Including a pricing scale.

The consultation is used to color match you and decide how much hair you will need. There is a clickable pdf on my extension page where you can get a good idea of cost and what you might need for length and grams.

I do all my communication digitally so if you have any questions AFTER you read my pdf you can text or DM them to me!;)

Look forward to meeting you!
